

I GOT IT AT NLU

““ The B.S. in Management program at NLU?

It was more than I expected. I got the chance to learn from professors and classmates.

Share my experiences. Grow as a professional and an individual. When I started the BSM program, I didn't think it was possible to graduate in less than two years—and have fun doing it. But I did—and I did. ””

***Classes start the
week of April 7.***
