Job Postings

Clinical Trainer- Kovler Center Child Trauma Program- Chicago, IL

The Clinical Trainer position with the Kovler Center Child Trauma Program will take the primary lead in developing trauma informed training and then delivering these trainings as well as existing trauma informed curriculums for direct line (non-clinical) and clinical staff who work with immigrant, unaccompanied minors.

A Master’s degree (M.A./M.S.) in social work, psychology, or related human service equivalent is required; licensed clinician (Psychologist, LCSW, LCPC) is preferred; four (4) years of related experience and/or training working with youth and families who have experience complex trauma, preferably with a refugee and immigrant population; prior experience in developing and/or delivering trainings or working as a teacher/professor. Click here more information and to apply.

Association Manager- NCSPP- Flexible

The National Council of Schools and Programs of Professional Psychology (NCSPP) seeks a replacement for our long-time Association Manager, who is retiring. The position begins on July 1, 2020 at 10 hours per week increasing to 20 hours per week starting January 1, 2021. The Association Manager provides a central location for the conduct of NCSPP business and serves as the primary support for NCSPP member schools and delegates. The position is part-time and contract-based, with responsibilities and expectations that vary across the course of the year. The initial contract is for one year and is renewable based on job performance. The Association Manager position is a part-time, non-benefitted position with a salary of $25,000 (based on 20 hours per week). For more information and to apply, click here.

For questions about the position or to apply, please submit a cover letter and a resume or curriculum vitae to Francine Conway, Ph.D., President, NCSPP at Francine.Conway@Rutgers.edu.

Director of Assessment Services- Flourishing Lives Counseling Center - Naperville, IL

The licensed psychologist in this position has 3 primary responsibilities: Marketing and Development, Assessment Supervision, and Testing. Candidates with neuropsychological and/or forensic assessment experience especially encouraged to apply. Experience testing all ages (child through older adult) strongly preferred.
While this position is envisioned for a licensed clinician, applications from excellent postdoctoral candidates will be considered as well.

To apply, please email cover letter, curriculum vitae, professional references, and anonymized sample testing reports: 1 child/adolescent *and* 1 adult, both containing intellectual, objective personality, and projective personality data including Rorschach, to Dr. Rivas at nrivasphd@flourishinglivescounseling.com. Click here for more information about this position.

**Part-Time Assessment Position - Flourishing Lives Counseling Center - Naperville, IL**

Flourishing Lives Counseling Center is offering a part-time assessment position for 1-2 days per week. The responsibilities of this clinician are to administer, score, and interpret full psychological testing batteries and provide assessment feedback to clients, their families, and their treatment teams. Referrals come from both inpatient and outpatient settings and often involve complicated histories with multiple co-occurring disorders. Critical competencies for this role include Rorschach skills, strong case conceptualization and diagnostic expertise, technological savvy, excellent professional writing, confident interdisciplinary communication, independent functioning, and quick turnaround time. Candidates with neuropsychological and/or forensic assessment experience especially encouraged to apply. Excellent pre-licensed applicants will be considered in addition to fully licensed clinical psychologists.

To apply, please email cover letter, curriculum vitae, professional references, and anonymized sample testing reports: 1 child/adolescent *and* 1 adult, both containing intellectual, objective personality, and projective personality data including Rorschach, to Dr. Rivas at nrivasphd@flourishinglivescounseling.com. Click here for more information about this position.

**Associate Chair of Clinical Psychology Program- The Chicago School of Professional Psychology- Washington, D.C.**

The Chicago School of Professional Psychology, Washington, DC, is seeking exceptional applicants for our APA-accredited Clinical Psychology doctoral (PsyD) program. Successful candidates will join a diverse and cohesive faculty of outstanding practitioner-scholars who share a commitment and passion in working with diverse and marginalized populations. The Associate Chair is appointed by and reports to the Department Chair. The Associate Chair of the Clinical Psychology Program serves as an integral member of the Clinical PsyD program as an Administrative Faculty member and is responsible for scheduling and curriculum planning, student affairs within the department, student review process, and outreach and recruitment of faculty as well as support for student recruitment. The Associate Chair attends Academic Affairs Department Chair meetings, participates in institutional committees, provides academic leadership, and performs duties as assigned by the Department Chair. Additionally, the position includes teaching responsibilities within the PsyD program.

The candidate must hold a doctoral degree in psychology from an APA-accredited program, be licensed or license-eligible, and ideally have prior experience with education and training of graduate level students. We offer a competitive salary and benefits. The campus is located in
downtown Washington, DC, and is in close proximity to numerous cultural and recreational opportunities. We are committed to racial/ethnic, LGBTQ, and gender diversity among our faculty and student body. Minority-group candidates are strongly urged to apply. Review of applications will begin immediately and continue until the positions are filled. To apply, submit a letter of intent, a curriculum vitae, and a list of three professional references. We encourage applications from women, people of color, people who are LGBTQ, and people with disabilities. Review of applications will begin immediately and continue until the positions are filled. To apply, submit a letter of intent, a curriculum vitae, and a list of three professional references.

**Director of Community Counseling Services- The Graduate School of Psychology at California Lutheran University- Thousand Oaks, CA**

The Graduate School of Psychology at California Lutheran University is seeking a Director of Community Counseling Services to begin August 17, 2020. The successful candidate for this position will be able to demonstrate outstanding commitment to clinical training, effective management, and clinical service provision. We are also looking for a candidate who can show exemplary dedication to mentoring and working closely with clients and graduate student trainees from under-represented backgrounds, consistent with Cal Lutheran’s designation as a Hispanic Serving Institution (HSI).

Primary responsibilities include planning, organizing, and directing the Community Counseling Services, collaborating with the Dean, Director of Clinical Training, Clinical Coordinator, and Program Directors to develop and implement programs that integrate student coursework and clinical training, supervising and evaluating staff, budget oversight, grant oversight, assessing program quality and effectiveness, ensuring compliance with California laws and the ethics of AAMFT and APA, monitoring and ensuring the quality of clinical services conducted by graduate students, interns, and supervisors, developing and coordinating with others to provide CE offerings for supervisors and community, community outreach, serving on committees and establishing collaborative relationships within the School, University and the broader community.

**Clinical Child and Adolescent Psychologist- The Department of Psychiatry and Behavioral Sciences at Montefiore Medical Center- Bronx, NY**

The Department of Psychiatry and Behavioral Sciences at Montefiore Medical Center- Bronx, NY is recruiting for a Clinical Child and Adolescent Psychologist position for the Anxiety and Mood Program (AMP) at our Child Outpatient Psychiatry Department clinic. We offer evidenced based interventions for children, adolescents, and emerging adults from our Bronx community with primary and comorbid anxiety, mood, trauma, disruptive, and related disorders, and includes our comprehensive Adolescent DBT program as well as our Becoming an Emerging Adult at Montefiore (BEAM) program. Responsibilities include direct clinical service as part of an interdisciplinary team, supervision of psychology and psychiatry trainees, teaching, and program development. There are also exciting opportunities research collaboration and scholarly work as part of the Psychiatry Research Institute at Montefiore Einstein (PRIME).

We are seeking a New York State licensed psychologist (PhD or PsyD), with training and expertise in CBT and DBT in child and adolescent populations. Spanish-speaking is a plus. We are a fun and energetic team committed to serving underserved, multi-problem children and families. The current position is
part-time, and may be expanded to full-time for the ideal candidate. Interested individuals should direct inquiries and send their initial letters of interest and CV to:

Sandra Pimentel, PhD  
Chief, Child and Adolescent Psychology  
Montefiore Medical Center/Albert Einstein College of Medicine  
Department of Psychiatry and Behavioral Sciences  
spimente@montefiore.org

**Therapist- Mental Health Solutions- Barrington and Mundelein, IL**

Mental Health Solutions is interested in hiring a part or full-time therapist to serve our clients in Northwest suburban nursing homes and assisted living facilities. As we plan our return to providing in person services to this population in great need, we are seeking a passionate, skilled, treatment team centered provider who can be an advocate and guide toward hope for this population facing critical challenges. Competitive pay and benefit options, open to licensed clinical psychologists and/or licensed clinical social workers.

Interested parties can contact Dr. Fellowes directly: [https://www.mhshelps.com/bright-fellowes/](https://www.mhshelps.com/bright-fellowes/)

**Part-Time Assessment Position- Flourishing Lives Counseling Center- Naperville, IL**

**Flourishing Lives Counseling Center** is offering an **ongoing part-time assessment position. The responsibilities of this clinician are to administer, score, and write one full psychological testing battery per week (estimated one day for administration and one for writing). The clinician will also provide assessment feedback to clients, their families, and their treatment teams. Referrals come from both inpatient and outpatient settings and often involve complicated histories with multiple co-occurring disorders. Critical competencies for this role include Rorschach skills, strong case conceptualization and diagnostic expertise, technological savvy, excellent professional writing, confident interdisciplinary communication, independent functioning, and quick turnaround time. Candidates with neuropsychological and/or forensic assessment experience are especially encouraged to apply. Excellent pre-licensed applicants will be considered in addition to fully licensed clinical psychologists, in which case weekly supervision will be provided.

To apply, please email cover letter, curriculum vitae, professional references, and anonymized sample testing reports: 1 child/adolescent and 1 adult, both containing intellectual, objective personality, and projective personality data including Rorschach, to Dr. Rivas at nrivasphd@flourishinglivescounseling.com.

**Clinical Psychologist, Master’s Level Clinician- Will County Court Services / River Valley Detention Center- Joliet, IL**

Will County Court Services / River Valley Detention Center in Joliet, IL is seeking candidates to fill a Full Time Licensed Clinical Psychologist position and a Full-Time Master’s Level Clinician position.
RESPONSIBLE FOR: Complete court-ordered forensic evaluations, including competency to stand trial evaluations, criminal responsibility evaluations, and sex offender evaluations for in-custody and out of custody adult and juvenile defendants for the Twelfth Judicial Circuit Court. Appear in Court when necessary to provide testimony on cases. Provide clinical supervision to diagnostic and/or advanced pre-doctoral students when assigned. Participate in on-call, 24/7 mental health crisis rotation. Additional duties may also include completing court-ordered psychological evaluations and screens on detained and out-of-custody court-involved youth, as well as maintaining a caseload of detained youth to provide psychotherapy. The licensed clinical psychologist may also be responsible for facilitating weekly psycho-educational group therapy sessions with detained youth if needed, as well as providing crisis intervention, disciplinary reviews, and segregation check services with at-risk youth detained at RVDC.

A Doctorate in Clinical Psychology and current, active license to practice in the State of Illinois; Experience conducting Forensic Evaluations; Licensed Sex Offender Evaluator (LSOE) preferred but not required.

**Fellowship in the Behavior Management Clinic, Kennedy Krieger Institute and Johns Hopkins School of Medicine- Baltimore, MD**

The Kennedy Krieger Institute’s Behavioral Psychology Department is pleased to announce recruitment for postdoctoral fellowship positions on the Behavior Management Clinic’s service for 2020-2021. Kennedy Krieger offers APPIC member postdoctoral fellowship training within this internationally recognized children’s hospital renowned for its commitment to improving the lives of children with neurodevelopmental and behavioral disorders and their families. Ours is a university affiliated, interdisciplinary setting with a focus on assessment, clinical service delivery, training, community partnerships, education, and research.

For more information and to apply:
Postdoctoral Fellowship Position - 2020/2021-McLean College Mental Health Program - MA

The McLean College Mental Health Program is currently accepting applications for our Post-Doctoral Fellowship Program, with a flexible start date of Late Summer/Fall 2020. The mission of the CMHP is to provide the highest level of psychiatric care by working closely with students, parents, institutions of higher education and non-profit organizations to facilitate personal and academic success. Our work encompasses three broad and intersecting domains of (1) treatment, (2) outreach & consultation, (3) and research.

The primary role of this position is performing research with new and existing datasets. The role includes space for the post-doc to contribute research ideas of their interest. The position also includes conducting individual and group services. The role is designed to be 60% research/40% clinical, though percentages are negotiable based on applicant skills and interests.

This position offers continued learning of evidence-based treatments, weekly group and individual clinical supervision, program development, ability to supervise students, and teaching/dissemination opportunities. This Post-Doctoral Fellowship Program meets all requirements for post-doctoral training and licensure.

Interested candidates should send their CV and two letters of recommendation by March 15, 2020 deadline to:

Stephanie Pinder-Amaker (Program Director), PhD & Caitlin Nevins, PhD (Director of Psychological Services) Email: *spinderamaker@mclean.harvard.edu & *cnevins@mclean.harvard.edu

Postdoctoral Fellowship Position - 2020/2021- Advocate Trauma Recovery Center

The Advocate Trauma Recovery Center (TRC) is accepting applications for postdoctoral fellowship beginning in September 2020. The TRC is a grant-funded program based out of Advocate Christ Medical Center that provides holistic, trauma-informed behavioral health and social services to diverse individuals who have experienced violence. The fellowship program at the TRC offers opportunities to work with survivors of intentional violence in both outpatient clinic and integrated medical settings, as well as other clinical training and supervision activities. Postdoctoral fellows will be responsible for carrying an outpatient therapy caseload providing evidence-based treatments to trauma survivors, working as part of a collaborative treatment team at the hospital, providing secondary supervision to doctoral externs, and taking part in facilitating group therapy services.

Required Application Materials: Cover Letter, CV, Two (2) Professional Letters of Reference
For more information about the Postdoctoral Fellowship at the Advocate TRC, or to apply for the fellowship, please contact Dr. Victoria Smoter (Victoria.smoter@advocatehealth.com)

**Postdoctoral Fellowship Position - The Anxiety and OCD Treatment Center of Ann Arbor - Ann Arbor, MI**

The Anxiety and OCD Treatment Center of Ann Arbor is seeking applicants with a degree in clinical, counseling, or school psychology for a Postdoctoral Fellowship program. We are an evidence-based group practice in southeast Michigan that sees clients with anxiety and Obsessive Compulsive Disorders. Fellows would have the opportunity to work with patients across the lifespan and receive specialized training in Exposure and Response Prevention for OCD as well as CBT for anxiety disorders. Interested applicants should send a cover letter and resume with two references to Dr. Debra Levine, Fellowship Director at Anxiety and OCD Treatment Center of Ann Arbor, at dlevine@anxietyannarbor.com

**Postdoctoral or Fellowship Position - Private Practice, Full time or Part time, Evanston. - Evanston, IL**

Brooke Laufer, Psy.D. a well-established private practice in Evanston that specializes in Perinatal Mental Health, Adolescence, and Addiction, along with the general population of anxious and depressed clients. The practice has opportunities for a full-time or part-time postdoctoral intern beginning in 2020.

The postdoc can set their own hours, meeting the hour requirements of either a part-time postdoc or full-time postdoc. The postdoc can assess and treat the full range of clients, including adolescents, adults, couples and families. The onsite supervisor will provide weekly supervision - the supervision is psychodynamic, Jungian, interpersonal, and cognitive behavioral.

The intern is paid a 50/50% split of the fees, which either are out of pocket or billed through insurance. There is opportunity in this postdoc position to work with postpartum illness and its interaction with the law; Expert Witness experience will be available if interested. This internship will help a postdoctoral student build a caseload to take with them at its completion.

For more information and to apply, please contact: Brooke Laufer, Psy.D. www.drbrookelaucher.com brooke@drbrookelaucher.com

**Doctoral Fellowship; Part-Time Clinical Psychologist-Center For Personal Growth, PLLC-Carol Stream, IL**

Center for Personal Growth, PLLC is a multi-specialty private practice in Carol Stream, IL. We are offering a doctoral fellowship in clinical psychology for the 2020-2021 year and a part-time position for a Licensed Clinical Psychologist. Both candidates must have Psy.D. or Ph.D. in Clinical Psychology with 2-3 years of experience working with diverse populations and clients of various ages. To apply, send a cover letter, resume/vitae, and contact information for two professional references to Dr. Liebich at dr.erin@center4personalgrowth.net. Post-Doc
candidates should also submit a writing sample. No phone calls, please. Erin M. Liebich, Psy.D. | 630-708-7654  www.carolstreampsychologist.com

Postdoctoral Fellowship in Clinical Psychology, Group Private Practice:  Sue H. Bae, Ph.D., P.C. & Associates, Chicago, IL

Downtown Chicago Group Private Practice offers a **postdoctoral fellowship in clinical psychology.** This is a supervised, 12-month (full time) or 24 month (half time) position that has the potential to become a long term position at the practice. Ideal starting time of the position is summer of 2020, but it is negotiable depending on the circumstances. The practice is known for providing evidence based treatment and for treatment of anxiety disorders to diverse populations. As such, the postdoctoral fellow will receive specific training on using evidence based practices to treat anxiety related disorders including OCD, GAD, Panic Disorder, Social Anxiety, Trichotillomania, PTSD, Phobias, Separation Anxiety, and Body Dysmorphic Disorder. The postdoctoral fellow will also have the opportunity to receive training in play therapy and techniques of Theraplay® by a registered play therapist in addition to Love and Logic Parenting. Additionally, training in psychological testing and assessment and early childhood/attachment will also be available. For additional information and to apply:  www.suebaeandassociates.com

Postdoctoral Fellowship in CBT Therapy Research- The Anxiety Disorders Center/Center for Cognitive Behavioral Therapy (ADC/CCBT)- Hartford, CT

ADC/CCBT at the Institute of Living/Hartford Hospital invites applications for a one-year postdoctoral fellowship (with an option to continue for a second year upon mutual agreement) beginning in Fall 2020. The ADC/CCBT is a combined clinical and research unit specializing in cognitive-behavioral therapy (CBT) for anxiety, obsessive-compulsive, and mood-related problems, and applied research on the nature and treatment of these disorders.

We are inviting applications for a postdoctoral fellow whose primary role will be as a study therapist on research investigating the efficacy and mechanisms of CBT. One study is a randomized controlled trial of CBT for suicide prevention in adult inpatients. For this study patients and the therapist will be masked, and inpatients are tested (and are negative) for COVID-19 prior to admission. Another study is a trial of CBT for panic disorder. Other research activities may include assisting with writing articles and conducting data analyses. Qualifications include a doctoral degree in clinical psychology (APA accredited), significant research experience, and experience with cognitive-behavioral interventions. Applications will be accepted until position is filled. E-mail curriculum vitae, three letters of recommendation, and representative reprints/preprints (if applicable to david.tolin@hhchealth.org).

Licensed Neuropsychology or Post-Doctoral Candidate- Georgemiller, Whyte and Associates- Arlington Heights, IL

Georgemiller, Whyte and Associates has an immediate opening for a licensed neuropsychologist or post-doctoral candidate. We offer flexible hours and full or part-time positions are currently available. This is an opportunity to work with innovative and growing hospital-based health care systems. No evening or weekend hours are required. Post-doctoral candidates will receive 1-2 hours of individual supervision weekly and enjoy the experience of working collaboratively with physicians as well as fellow psychologists in this position. Our practice philosophy encourages a work life balance with support from our administrative and clinical team to facilitate a positive career experience. Qualified candidates may fax a curriculum vita to Bonnie Whyte, Ph.D. at 847-696-9515 or via email to bonniewhyte@georgemillerwhyte.com.
