

NCE Candidate Outcomes Alumni Survey Results 2013-2014

Alumni Survey Background

Since 2008, NCE alumni have been asked to complete an online alumni survey, first administered by Eduventures and then in house by the institution. The purpose of the survey is to solicit feedback from our alumni about NCE that can assist the college in better understanding the impact it had on alumni and how it can continue to improve its programs for current and future NCE students.

This alumni survey was administered in Fall 2013 to alumni within one year of graduation (graduated 2012-2013) and alumni within 5 years of graduation (graduated 2008-2009). Response rates:

	# Surveys Sent	# Responses Received	% Response Rate
Alumni Within 1 Year of Graduation (Graduated 2012-2013)	1294	96	7.4%
Alumni Within 5 Years of Graduation (Graduated 2008-2009)	2057	58	2.8%
Total	3351	154	4.6%

The data presented here are from one of the survey questions, related to the NCE Conceptual Framework. The question had five possible responses: from (5) high degree to (1) low degree.
