

# Annual Program Report

## Program Information

SESSION  
TIMEOUT 118:45

RCDT: 65108536551

Name: National Louis University

Institution: NATIONAL-LOUIS UNIVERSITY

Academic Year: 2015 - 2016

Program: Early Childhood Education

### -- PROGRAM INFORMATION --

 This program has no (0) enrollment.

### Program Overall Structure

1 - Provide a link to the course of study for this program, and indicate where this particular information may be found. Please include required fieldwork hours, clinical experience hours and student teaching hours tied to specific coursework within the course of study. (5000 character max)

Link to undergraduate course catalog page:

2 - Provide information concerning the edTPA: Describe the program changes that have been implemented using edTPA data. (5000 character max)

Candidates enrolled in ECE, ELE, SEC and SPE teacher preparation programs during the 2015-2016 academic year were required to post a passing score of 35 (31 for Classical and World Languages) in order to be recommended for Illinois initial licensure. Candidates completed assignments and key assessments aligned to edTPA tasks in order to prepare them for taking the consequential edTPA. Since these assignments were developed and refined during the pilot year, there were few instructional changes for any of our four programs during 2015-2016.

This academic year we acknowledged that full implementation is very time intensive and involves nearly every department and function of the institution, not just candidates and faculty. Our Enrollment and Advising teams continue to be involved in providing information about edTPA to all teacher candidates. Our Outreach team made connections to schools and districts to help them understand the new video requirement, which continues to be a challenge. All programs have fully developed supports starting in the first program course and continuing through the final submission.

The biggest issue for our candidates and faculty is not in the edTPA itself, but in the submission. We implemented suggested protocols for all submissions, including:

1. Candidates create an account and register before submission.
2. Faculty should provide instruction regarding edTPA file formats before submission day.
  - \* Make sure all files are in appropriate format and lesson plans are all in one file (no JPG).
  - \* Make sure videos are compressed before submission.
3. Reference and use the Evidence Charts OFTEN.
4. Submit during LiveText and Pearson business hours so they are available for support.
  - \* Avoid submitting in the evening and on weekends.
5. Seminar Leaders should arrange to have another faculty member to provide additional support during submission.

In September 2016, Teacher Prep Leadership reviewed the final scores of the 2015-16 year, as there were still submissions throughout the summer. The team is currently carefully examining the data for areas of program improvement; however, our initial data is promising:

- \* 293 Submissions
- \* 46.28 Average Score (of portfolios with 15 rubrics)
- \* Score Range 27-65
- \* Pass Rate 97.2%

As of September 1, 2016, all but 2 candidates from the 2015-16 school year have successfully passed the edTPA.

3 - Describe how program faculty review assessment data throughout the program (content knowledge, pedagogical knowledge [specifically, instructional planning and candidate impact on student growth], clinical experience (this may include fieldwork and student teaching and dispositions). (5000 character max)

NCE requires all of its programs to annually report, review, and reflect upon the data collected and aggregated from program signature assessments which include assessment of: content knowledge, pedagogical content knowledge, instructional planning, candidate impact on student growth, clinical experience, candidate dispositions, diversity proficiencies, and technology proficiencies.

Review of the data occurs throughout the academic year, at the end of each quarter and cumulatively at the conclusion of the academic year as program faculty view and analyze the aggregated data from signature assessments completed by their candidates. Comparisons are made from reviewing present and past data, especially examining areas where the data indicates that candidates are not fully meeting outcomes as expected at the mastery level.

Additionally, data collected at transition points in the program are reviewed by faculty. Transition points refer to the benchmark experiences in the program where signature assessments are implemented (beginning of program, middle of program and end of program). Reviewing assessment data at these transition points allows program faculty the opportunity to determine candidate outcomes related to performance and ongoing development toward the overarching goal of becoming an effective professional and their impact on PK-12 learning. Discussion and goal setting take place for setting up a plan for improving curriculum, instructional strategies, assignments, assessments and rubrics as well as program development as a means for assisting candidates in their continued development and growth as educators.

In the autumn of the academic year, all NCE programs submit their annual program assessment reports to the NCE Assessment Committee which is comprised of faculty from across the college. This committee reviews program assessment reports using a rubric that is designed to provide feedback to faculty in each program. Program faculty review the feedback and use it to assist in further refinement of signature assessments and data analysis.

4 - Provide an update of program changes from the previous academic year; which program changes, if any, were made/approved during the reporting period.(5000 character max)

No program changes were made during the 2015-2016 academic year, for both BA and MAT programs. The type 04 teaching license was revised to cover the age range of Birth- Grade 2, beginning September. 1, 2017. The proposal for the new BA ECE program has been submitted to ISBE. The proposal for the new MAT ECE will be submitted in Winter 2017.

**Delivery Mode:**

- Traditional (face-to-face)  
 Online (50% or more of program is offered online)  
 Alternative Route

Please list all locations where the program was offered between 09/01/2015 and 08/31/2016

Location
Chicago

**Partnerships, if applicable**

Name of Contracted Entity
N/A

-- CANDIDATE INFORMATION --

Number of candidates admitted to educator preparation program and enrolled between 09/01/2015 and 08/31/2016.

**-- TESTS --**

New program therefore there is no data.

Data must be provided for the content test and APT, with the exception of the APT for advanced programs where a candidate already holds a license. However, data on individuals who received a subsequent endorsement, based upon completing an approved program, must be reported.

**State Tests**

**Program Content-Area Test:**

No one took this test this academic year.
